# EXTRACTOR® V+™ COFFEE BREWERS

The Extractor V+ comes standard with the basic features operators need to provide an efficient and reliable coffee service for any daypart.

## STANDARD FEATURES:

Touchpad Controls

Durable Plastic Brew Baskets

Brew Basket Sensors

Manual Hot Water Faucet

Step-Down Design Increases Head Pressure for More Consistent Water Flow

Front Panel Access For Service

USB Drive

Interchangeable parts with XTSM line

### Extractor V+ Control Panel

Control all brewing functions and diagnostic tools with the user-friendly digital touchpad. The screen prominently displays messages, numbers and symbols as you interact with the nimble brewer software. Each batch and stop button features a vibrant LED to easily recognize brew status and selection.

# Extractor PLUS

# XTS™ SERIES COFFEE BREWERS

Perfect taste begins with a simple touch...

### User-Friendly Touchscreen

Access all controls via an inviting touchscreen interface display that blends intuitive icons with dynamic time and volume data to provide instant visual feedback at any point during programming, diagnostics or the brew cycle.

### Streamlined Programming, Diagnostics and Metrics

The Extractor® Touchscreen Operating System (ETOS) was engineered for quick and efficient navigation through set-up, programming, diagnostics and daily operational brewing modes.

### Customizable Screens

Customize the start screen to tie your equipment and product offerings into a consistent brand message. You can also create and display individual recipe names for quick and easy access to your most used coffee blends.

# EXTRACTOR TOUCHSCREEN SERIES

## TBS-2121XTS 14.0 Liter Twin Tea Brewer

### FEATURES & BENEFITS

- 2 x 14.0 liter size meets the volume demands of medium- to large-scale operations.
- The revolutionary Cascading Spray Dome® allows for complete, even saturation of the tea bed for perfectly balanced, great tasting tea every time.
- User-friendly touchscreen blends intuitive icons with dynamic time and volume data to provide instant visual feedback.
- Program up to 9 different recipes and begin the brew cycle with a touch of a button.
- Recipes automatically appear on-screen when the basket handle is positioned above the desired brew station.
- Liquid sweetener infusion pump available as a factory installed option.
- Brewer shown with 2ea. ITD-2135 14.0 liter Iced Tea Dispenser (sold separately).

# XTS™ MULTI-TEMPERATURE COFFEE BREWER

The CBS-2111XTS is a multi-temperature, multi-beverage solution that provides the versatility to brew hot tea or coffee at different temperatures in the same unit. Ideal for any kind of teas, from white, green, red, and black, to any coffee roast that requires a specific brewing temperature.

## STANDARD FEATURES:

Multi-Temperature Versatility

Touchscreen Simplicity

Compact Design and Powerful Output

New Brew Basket Design

### Multi-Temperature Versatility

Each of the eight batches can be programmed with its own temperature from 80°C to 97°C. The tank holds the water temperature at the lowest of the 8 settings. Once a higher brewing temperature is selected, the tank will quickly heat the water in the tank and the CBS-2111XTS will brew the next batch. If a lower temperature is selected, then the operator has two choices besides waiting for the water temperature in the tank to cool down:

### Stainless Steel Brew Basket

Standard Stainless Steel Brew Basket (B001280B1) included. Optional Stainless Steel Brew Basket (B022000G1) with three interchangeable orifices included (.404cm, .450cm, .498cm).

### Lower Profile, Bigger tank, Higher Electrical Configuration

The overall height of the unit is lower than its relative iced tea brewer CBS-2111 XTS, making it the perfect fit for tight counter spaces. The bigger and higher positioned tank provides a higher flow rate and increased stability to optimize efficiency.

# XTS™ MULTI-TEMPERATURE TEA BREWER

The TBS-2111XTS is a multi-temperature, multi-beverage solution that provides the versatility to brew hot tea or coffee at different temperatures in the same unit. Ideal for any kind of teas, from white, green, red, and black, to any coffee roast that requires a specific brewing temperature.
